Sir:

This submission is being made pursuant to 37 C.F.R. §1.56. A listing of the references is submitted herewith on form PTO/SB/08A. The cited references (English abstracts only) are listed on the attached German Search Report and International Search Report.

None of the references were previously cited in an Information Disclosure Statement.

This submission is being made after the mailing date of the Notice of Allowance but before payment of the Issue Fee.

From the English abstracts of the references cited, it is clear that none teach the feedback electronics and microprocessor combination recited in the allowed claims.

Hopefully, the examiner will have the opportunity to review the cited references and conclude, as does applicant, that they do not adversely effect the patentability of the allowed claims.

Any fee required pursuant to the submission should be charged to our Deposit Account 02-0200.
